Forecast For East of England
Issued by Met Office Exeter
at 1600 on Sunday 14 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rather cloudy with the spot of rain and fog patch.

This Evening and Tonight:
Broken cloud will produce the odd spot of light rain as well as some clear spells. These most likely across the west of the region, where some patchy mist and fog is likely to form later in the night. Minimum temperature 5 deg C (41 deg F).

Monday:
A dull morning with areas of cloud, mist and fog. Some bright spells developing in the west but remaining rather cloudy elsewhere with showers possible across east Suffolk and Essex. Maximum temperature 12 deg C (54 deg F).

Outlook for Tuesday to Thursday:
A cloudy day Tuesday with the odd spot of rain and drizzle. Fog patches Wednesday morning clearing to a mostly sunny day. Rather cloudy again Thursday but largely dry.
